# LARGE SCALE OR MULTI-LINGUAL PROJECT?

We're experienced and flexible and this allows us to handle large scale and multi-language projects. Whether you have next year's machine user technical manuals, marketing material, legal deposition material or next year's product catalogue we go about translating your material a specific way.

Our ISO 17100 process dictates our specific steps so that we deliver an accurate translation that leaves you a happy customer. Here are just some areas that we focus on to ensure accurate, on-time delivery:

- ✓ Smooth Translation Team Working Procedures
- ✓ Glossary Creation to Streamline Consistency
- ✓ Enhanced Project Management
- ✓ Desktop Publishing Team to handle the visual aspect of project
- ✓ Translator Search and Selection for the Perfect Match
- ✓ Fail Safe Procedures to Ensure Accurate On-Time Delivery

Whether you have a question or concern....
